SANTA and his new red sleigh!

CHAIRMAN'S REPORT

RROC LMR Chairman's Message

New Chairman: Peter Gatsch

Happy Holidays to all my fellow club members. On behalf of the club, we wish you a safe and joyous time and blessings of good health to you and your families. As the new chairman, I am excited and humbled to be part of the new chapter in club history and looking forward to a new year filled with many wonderful events.

First, I wish to express the highest recognition and gratitude for our outgoing chairman, Terry Selby. Terry served with dignity and enthusiasm: hard shoes to fill. Terry has a rich history, and we are all honored by his service to the club. Terry came to America in 1974 as a Professional Engineer, having worked in 18 different countries around the world on various projects. To our benefit, he fell in love with America and decided to make a home here. While working as an engineer in Wheeling, he decided to get a law degree at night and went on to become a lawyer. In 1990, he started his own law firm and worked hard until his retirement in 2019. Many may not know that he was also a scuba instructor, hot air balloon pilot, a sailor, a motor cycle enthusiast, a log cabin designer/builder and a "party animal." Terry had his first ride in a Rolls-royce when he was driven to work by his boss in 1960. He decided then-and-there that he would have his own RR one day. It took twenty years. He fulfilled his dream. He states that his greatest honors in life are marrying Susan in 1997 and serving as chairman of our LMR. Thank you Terry, for your many years of hard work! CHEERS!

Finally, thank you to all the hard working members of the board of the club and those who supported and volunteered throughout the year. It is only with that contribution that our club continues to survive. To any members who have not participated before, or in a while, please consider attending some of our terrific events in 2023. It is a great chance to socialize and to exercise your Proper Motor Car. We would love to see you.

Warmest Regards,

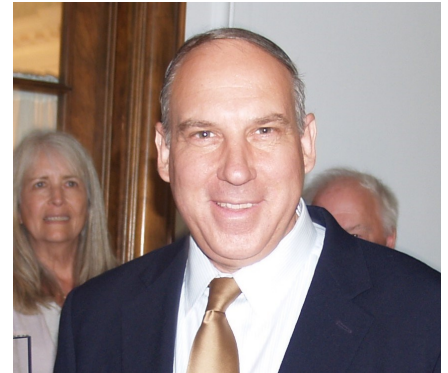

Peter W. Gatsch

LUNCHEON TRAIN in East Troy, Wisconsin

Photos by Jim Glowa, Janet Nutting and Jennifer Malpass

Members of the LMR took adventurous drives up to East Troy Wisconsin on Saturday, October 17.

The scenery was stunning but the roads had unexpected roundabouts and unexpected hazards. But the camaraderie and train ride were worth it. The train in East Troy have been refurbished. Our luxury car had air-conditioning and vintage art deco lamps. The tables were set with white table cloths and lovely place settings. The conductor played the part to the hilt, passing out tickets, then clipping each one as we boarded. He had long running jokes and engaged the audience in many ways. There was a bar on board which was appreciated. Members Joe Boehnlein and Lauder have an old timey ice cream shop ear the station which was utilized to the fullest. A visit to the vintage shops on the square was next on the agenda. The members spent a pleasant afternoon visiting a most delightful town.

Thanks to Joal Derse Dauer for planning this and of course to Dave Taylor for all his work

Our air-conditioned train!

LAKE MICHIGAN REGION RROC

EVENTS LIST FOR 2023

Jan-Feb: February 26— Pub Night and Film—showing Fast Lady, Hackneys on Lake Glenview

Dave Taylor

March 11: visit Bob Lederer's car collection/lunch Bob Lederer and Dave Taylor

Thanksgiving—Nov 23

LMR sends its condolences to the family and friends of Ron Roush who passed away in September. He was a long time and valued member of LMR. As well as attending many events, he sponsored several as well.

He will be missed.

Other members LMR has lost this year:

Sherwin Marks

John Conran

Ronald Roush

Jim Tamblyn

Arnold DeLuca

The estate of longtime Lake Michigan Region member Kenneth Kresmery wishes to sell the car shown here.

Us old timers will remember Ken. He restored both old cars as well antique airplanes and on one of our

tours he got out all of his old planes and he and some fellow pilots gave all of us a ride in same .

We are asking \$50,000 but will listen to reasonable offers.

If you are interested please see Kurt Kresmery's contact information shown below:

FALL TOUR with the CARLNI'S

Text by Dave Taylor

BDC Fall Tour Fort Atkinson, WI
James and Holly Carlini Meet Chairs
October 14-16, 2022

Our meet started Friday afternoon with a lovely reception at the Fort 88 Smokehouse which the Carlini's kindly laid on for us. Here we all got acquainted with our new members and enjoyed swapping car/tour stories.

A very good complementary hot breakfast got us all going and off on a lovely ride through the early fall rural Wisconsin countryside. The sight of field after field of ripened crops reassured that there would be no food shortage in the Mid-West. In due course we arrived in Milton, WI and the Historic Milton House historic site. Joseph Goodrich started building the hotel/restaurant/general store in 1844 in seemingly the middle nowhere, but it was situated at the cross roads of a main stage coach road and an Indian trail and his business prospered. Not just a successful business man, Goodrich was very public spirited and he started a college in the town and even more nobly turned his site into an Underground Railroad Station to help escaped slaves make their way to Canada. Strangely, although the North would fight a Civil War to abolish slavery, it was agreed in the Dred Scott Decision of 1857 to return the slaves that escaped from the South, The US Supreme Court's WORST decision. In due course a "railroad" was set up in which escaped slaves were moved to Canada at night by water or wagons and housed during the day in in Underground Railway Stations. Goodrich ran such a haven at considerable risk and his structure today is one of the few remaining examples of such stations. Wagons full of escaped slaves disguised as "Hay Wagons" would move at night and then then hide during the day. The wagons unloaded their charges in a log cabin near the Milton House and then the escapees would follow a tunnel to a safe room in the basement of the house. we visited these locations and saw others in this historic building.

Lunch at the Northleaf Winery followed, where we were able to drink samples of their vinting skills. Lunch completed we headed back to Ft Atkinson and the Hoard Historical Museum, Dairy Museum and the Foster House built in 1841. In the museum we discovered the area's history through its impressive collection of artifacts, artwork and family activities. There was a movie which explain the Indian Mounds common to Wisconsin, The Lincoln Display and room of stuffed birds. Here we saw Martha the last Passenger Pidgeon and a bird with a Rolls-Royce connection, a Goshawk. All Small HP RR's chassis numbers start with a G for Goshawk which followed from the fact that the prototype car was named after a bird of prey, in this case the hawk we saw in the museum. The Lincoln Room had many actual Lincoln artifacts. After a walk through of Foster House we all headed back to the motel to rest up for dinner. It was a buffet staring outstanding Almond Crusted Salmon along with other delights. Later the Carlinis were thanked formally for yet another fun and interesting tour and received souvenir books of the sites visited. An informal party in the motel lounge followed.

Sunday started with another fine hot breakfast and a twenty mile through the rolling hills to Evansville, WI and a private Farm Tractor "Museum". Here we saw fifty or so of them ranging in age from the early 1900's to current models and as such it was easy to see the development of tractor design over the years. To feel more a part of the tractor scene were treated to a ride in a wagon pulled by a tractor and joined by others to form a tractor parade. In this activity we got to enjoy the rolling hillside at a relaxed pace. It was however very chilly! Then we warmed up at lunch in the Night Owl restaurant in Evansville.

Our afternoon and indeed the tour ended at yet another gathering put on by Jim and Holly at their lovely big garage which also happens to have a very nice house close by. We enjoyed yet more refreshments laid on by our hosts and viewed their new family room and collection of Oriental artifacts.

In closing we wish to thank Jim and Holly Carlini for the tenth delightful tour that they have organized for us.

EVENING at Double Clutch Pub and the Chookasczian Car Collection

Pictures by Juliana (Atten) Maller, Jennifer Malpass, Janet Nutting, Dave Taylor

The cold weather didn't dissuade members from attending an entertaining evening with Dennis Chookazczian at his Double Clutch Pub and viewing his interesting and varied car collection. Commaraderie abounded with members and our pub choices were superb.

Many thanks to Dennis and Dave for such a pleasant evening.

A good showing of Rolls-Royces !

38th ANNUAL HOLIDAY and AWARDS BANQUET

Pictures by Jenn Gatsch, Jennifer Malpass

On Sunday, December 5, LMR members met at the Deerfield Inn in Lake Forest for their 38th Annual Holiday Banquet and Awards. Black tie and formal dresses set the tone as well as glasses of good cheer. A cocktail hour preceded dinner. Camaraderie abounded. The centerpiece awards and annual member awards followed. A lovely evening was had by all.

Many thanks to Dave Taylor for planning it, Joal Derse Dauer for the programs, Lynda Szczepanic and Janet Nutting for place cards, and members making the evening so special.

Stewardship Awards—For members who have hosted an event

Joal Derse Dauer—McCabe Restoration, April

Wendell Smith— spring tour to St. Louis, May

Walter Stawicki and Ron Roush—Joint meet with Mercedes Benz, June
